Digital Literacy Project

Student Details

- **Name:** Saksham Dave
- **Registration Number:** 25BCE11155
- **Branch:** CSE Core
- **Year:** 1st Year
- **Course Code:** CSE0001
- **Institution:** VIT Bhopal University

Project Overview

This project is based on Digital Literacy and aims to help students understand the importance of using digital tools safely and effectively. As a Student Digital Ambassador, the goal of this project is to promote awareness about online safety, professional communication, and digital platforms.

The project includes five tasks covering different aspects of digital literacy such as infographic creation, digital portfolio, coding platforms, email etiquette, and cybercrime awareness.

Tasks Completed

Task 1: Digital Literacy Infographic

- Created an infographic using Canva
- Covered topics like digital literacy, online safety, and professional presence

---

Task 2: Digital Portfolio

- Created profiles on: ○ GitHub ○ LinkedIn ○ HackerRank
- Added educational details and explored platform features

Task 3: Platforms Exploration

- Completed a basic coding problem on HackerRank
- Created a Google Form quiz on Digital Literacy
- Viewed responses using Google Sheets

Task 4: Email Etiquette

- Drafted two professional emails:
    - Request for assignment extension ○ Internship application
- Created a Social Media Do's and Don'ts checklist

Task 5: Cybercrime Awareness

- Studied UPI Fraud as a case study
- Created a prevention checklist with safety tips
- Learned about reporting cybercrime in India

Tools & Platforms Used

- Canva
- GitHub
- LinkedIn
- HackerRank
- Google Forms
- Google Sheets
